Child Labour worldwide and making connections in the classroom

The Global Dimensions seminar series is an opportunity to come together monthly after work to hear about and discuss contemporary global and intercultural issues that affect us all. Each session is aimed at creating a relaxed and comfortable space after your work day where you can engage with those issues.

Experienced speakers will be invited to facilitate informal but meaningful discussions about a range of current themes.

DICE is delighted to bring you this series of seminars and looks forward to welcoming you to one or all of these seminars during 2010!

To register for any of the above seminars, please email jfingleton@cice.ie or call 01 497 0033.

More information regarding the speakers and content of each seminar will follow in due course.
